Δ PHOTOSNAP BOOTH

Custom made photobooths for quality you can rely on!

Photosnap offer a diverse range of booths that can be completely customised to suit your new venture or add value to an existing business.

Our experienced team oversee the entire manufacturing process - from software design to building and customisation – to ensure our booths are the best on the market. We take the time to individually craft each booth with durable materials, a modern design, and flexible innovative software, offering you a wide range of top quality booths to suit your needs.

Social Media Integration

Constant Lighting plus Flash

Photostrip Customisation

What are the benefits of a Photosnap Photobooth?

- 1 Profitable return on investment – you can easily make over \$900 per event, depending on your own pricing model.
- 2 A wide range of customer markets from weddings, birthdays and parties, to charity functions, festivals and corporate events.
- 3 Easy to use, innovative technology that can be fully customised and branded (with local, dedicated support to go with it).
- 4 Photobooths are fun and exciting for all ages, perfect for setting up your own hire business, as a value-add in your venue or adding as an additional service to your entertainment business.
- 5 A growing and innovative product that has proved popular since the very first Photobooth was invented in 1923!

WHY CHOOSE PHOTOSNAP?

Social Media Integration

Our photobooths are all built with social media integration in mind, using our own custom-designed software 'Snap2Social'. Here's how it works:

- Your Photobooth captures, prints and saves the event photos;
- Guest use the social media kiosk or social media station to access their photos;
- Guests select and edit their favourite snaps using a number of filters and layout combinations;
- Guests can upload their photos straight to social media, including Twitter and Facebook;
- Build up your Facebook likes by choosing for guests to 'Like' your page in order to share their photos - and encouraging them to tag themselves;
- Brand the photostrips and images with your logo to provide greater marketing reach for your business.

Guests will love sharing their photos on social media straight from the booth at the time they're taken, whilst you gain valuable brand exposure. In addition, our software allows you to create a survey to gather demographic information from your guests, delivering valuable marketing information to you, or as additional value to your client.

FIVE Booths-in-One to suit every event!

Who can offer you FIVE booths in one, made in Australia and branded with your very own business name and logo? Photosnap can!

Our Modular Booth Range is unique in the industry, offering you the flexibility to convert your booth into a number of different styles to suit a range of events. Simply add or take away modular parts of the setup to transform your booth, as well as making the booth an ease to transport (some even fitting in a hatchback car!)

Photosnap are the only company in Australia offering this kind of value for money, effectively giving you one booth to suit every occasion - from kids parties, to intimate private events, to large scale festivals and function. Plus, as our booths are all made right here in Australia, they are also 100% customisable, allowing you to add your brand colours, logo, business name and more!

STUDIO

Size: Fits up to 15 people in one picture.

Technology: Easy to use and customise to suit your brand/business.

Set up time: Suggested set up takes less than a few minutes.

Portability: A lightweight design in two simple parts.

Social: Yes! The software can easily be connected to our social media station or kiosk for instant integration.

Customisation: Various finishes and customisable software.

Colours: High gloss black or white booths available!

ONE PIECE RANGE

Sleek modern design for fabulous fun!

For studio perfect quality every time this small and lightweight booth is compact functionality and innovation at it's best. Easily transportable - fits in a hatchback!

The Studio Booth is unique in that the printer and camera come in two separate parts. This is a fantastic option if you're looking for something easy to transport and fit into a small car or storage area.

Due to the nature of this design, the booth cannot be converted into any other booths, but it's a great stand alone option to give your setup a classic vintage feel.

RETRO BOOTH

Size: Fits up to 15 people in one picture.

Technology: Easy to use and customise to suit your brand/business.

Set up time: Suggested set up takes less than a few minutes.

Portability: A lightweight design in four simple parts.

Social: Yes! The software can easily be connected to our social media station or kiosk for instant integration.

Customisation: Various finishes and customisable software.

Colours: High gloss black or white booths available!

ONE PIECE RANGE

Sleek modern design for fabulous fun!

For studio perfect quality every time this small and lightweight booth is compact functionality and innovation at it's best. Easily transportable - fits in a hatchback!

Easily breaking down into four parts this sleek lightweight booth fits into any small car. Perfect if you have other equipment to take to events!

The very best way to transport any of our booths? A custom manufactured photobooth roadcase. We'll make your hardy roadcase to order so that it perfectly fits your booth, making transporting and storing your booths a breeze.

From
\$10,499
or \$73/week*
inc. GST

INSTAPrinter

Technology: Easy to use and customise to suit your brand/business. Requires an internet connection to work.

Set up time: Suggested set up takes five minutes.

Portability: Unscrew the legs to easily transport the one piece booth.

Social: Absolutely! Your guests 'selfie, share and tag' and the booth does the rest.

Customisation: Custom branding and colours are available.

ONE PIECE RANGE

Sleek modern design for fabulous fun!

Take advantage of the world's fastest growing social media platform! The InstaPrinter uses the Instagram hashtag (#) to find event photos, compile them in one place and print them straight from the booth.

It's pretty simple

- 1 Setup the InstaPrinter with the unique event hashtag.
- 2 Guests snap their selfies and post them on Instagram - or do it for them with a selfie stick/ WIFI enabled camera!
- 3 Every photo using the event #hashtag gets uploaded into the booth software.
- 4 Guests select and print

Features

Australian Made

Social Media Integration

22" or 32" Touch Screen

Mitsubishi Dye
Sublimation Printer

Suddenly you've turned a room full of selfie snapping event-goers into the world's biggest photobooth!

The best part? You barely have to do anything. The booth even provides you and your client with a digital copy of all photos hashtagged from the event. Can you say #genius?!

From
\$10,499

or \$73/week*
inc. GST

INSTA Booth

Technology: Retro Booth uses photobooth software; InstaPrinter Mini uses Instagram printing software via a Surface Pro tablet.

Set up time: Suggested set up takes ten minutes.

Portability: Detach the legs to easily transport in two pieces – the booth and printer console.

Social: Absolutely! Facebook and Twitter integration from the Photobooth, or connect the Surface Pro to Instagram and print.

Customisation: Custom branding and colours are available.

#InstaBooth

Two booths in one for twice the fun!

Selfie snapping, social sharing and picture perfect printing - the InstaBooth does it all. A valuable photography and marketing tool, all in one easily transported and super cute package. Choose your setup, customise for clients and get snapping!

InstaPrinter

Collects snaps as they are posted to Instagram with a unique event #hashtag
